## Result Week's Campaign In Eastern Cuba.

Outer Fortifications of Santiago Practically Destroyed--Occupation of Guantanamo Bay--Spaniards on Half Rations--Operations of the Fleet Most Effective.

Off Santiago de Cuba, June 17.—Per Associated Press dispatch boat Wanda, via Kingston, Jamaica, June 18.—The week's campaign in eastern Cuba has resulted in practically demolishing the outer fortifications of Santiago, in anticipation of the arrival of troops and the occupation of the line harbor of Guantanamo bay, in which today are anchored such magnificent ships as the Oregon and St. Paul, together with the Marblehead, Dolphin, Suwanee and 11 other auxiliary gunboats, colliers and press dispatch boats, in an average depth of 17 fathoms of water.

Military resistance to a definite occupation has practically ceased since the bombardment on Wednesday. Intercepted official reports of the Spanish military commandant indicates that his military resources are exhausted. His soldiers are now on half rations and there are supplies only for the remainder of June. The commandant has already seized all private supplies, in order that they might be bestowed to the use of the soldiers. The close cordon maintained by the Cubans about Guantanamo is illustrated by the fact that official Spanish communications sent in duplicate by land and water, have been intercepted and both Spanish messengers have been shot by the Cubans while attempting to pass the lines.

For the past three nights there has been comparative quiet in the camp which the marines hold on the crest of the hill near Guantanamo bay, over which the American flag waives. At dusk volunteers from the warships go ashore and camp near the hill and the Cubans go far out in the chaparral to prevent the Spaniards stealing a march on the camp.

General Perez, commanding the eastern division of the insurgent army, called on Captain McCalla, of the Marblehead, yesterday, and reported that he had 3,000 men, of whom 1,200 would reinforce the marines in a few days.

Many bands of insurgents are gathered along the coast westward of Santiago de Cuba.

The warships have done no firing since Wednesday's bombardment of the fortifications of the inner harbor and town of Caimanera.

Since the narrow escape of the Marblehead and Texas from destruction by torpedoes in the channel, greater precautions have been observed. Both ships struck contact mines without exploding them. Each mine contained 40 pounds of gunpowder, sufficient to destroy any vessel.

The bombardment of Guantanamo bay was not so heavy as at Santiago, but still was very heavy. The Spaniards fired only five shots, then fled. Three of the shots struck near the Marblehead, but none hit her. The ships steamed within 3,000 yards of the fort before opening fire and then fired with deadly accuracy.

The Texas stopped in the narrow channel in order to avoid grounding, but the Marblehead steamed ahead and swung around the south side of the harbor. Her first shots went wild, but the little Suwanee, which was following her, found the range and shot straight into the foundation of the fort, hurling into the air bricks and dust. The Texas finished the business, two of her 12-inch shells striking the fort to a picturesque, useless ruin.

The Marblehead then turned her attention to the barracks and breastworks south of the harbor and speedily demolished them, sending the Spanish garrison flying for their lives.

As the Spaniards ran down the mainland, the Paul's five-inch guns were trained on them and several bodies were seen to fall.

The bombardment lasted an hour and a quarter and was for the purpose of preventing the movement of Spanish troops from the town or the fortifications.

The insurgent forces, armed and equipped by Captain McCalla, not only proved to be daring scouts, but brave fighters and good shots with the Lee-Mofford rifles. Our own men are warm in their praise and look for unexpected co-operation upon the part of the Cuban army.

## TRANSPORTS AT HONOLULU.

Enthusiastic Welcome Extended American Soldiers by Inhabitants—Troops Permitted to Land.

Victoria, B. C., June 18.—Advices today per the steamer Miowera from Honolulu June 10 say:

The United States transports, City of Pekin, City of Sidney, and the Australia arrived here together on the first instant. All Honolulu turned out to welcome the soldiers. The docks were lined with people who yelled themselves hoarse. Such enthusiasm had never before been witnessed in Honolulu. The next morning about half of the troops were allowed to land and were given the freedom of the city. At noon President Dole and his cabinet received the officers of the expedition.

The United States transports left for Manila on June 4.

## LIVELY STREET DUEL.

Mayor and Marshal of Missouri Town Use Each Other as Targets—One Dead—Other Fatally Wounded.

Brunswick, Mo., June 18.—Last night Mayor J. H. Heisel shot and killed Richard Ashby, city marshal, who in turn fatally wounded the mayor.

W. J. Heisel, brother of the mayor, was standing in the saloon when Marshal Ashby and son Joseph entered. Both grabbed Heisel and began beating him with their fists, Joseph claiming Heisel had beaten and choked one of his sisters.

Heisel finally broke loose from the Ashbys' and ran out of the saloon. Mayor Heisel and the marshal then began firing at each other.

## NOT DISSATISFIED.

Secretary Alger Made an Indignant Denial of the Report That General Miles was to be Relieved of Command of the Army.

Washington, June 18.—Secretary Alger, accompanied by Major General Miles, went over to the White house today to see the president. The secretary was indignant at the published reports that the president and himself were dissatisfied with the course adopted by General Miles and had decided to relieve him of the command of the army. The secretary said in the presence of General Miles, to a representative of the press: "There is not a word of truth in it." The purpose of the administration in recalling General Miles is to consult with him as to the future conduct of the campaign.

## QUEEN REGENT DEPRESSED.

Conditions in Spain Have Determined Her To Abdicate—Act Opposed by the Minister—Persuaded to Wait.

New York, June 18.—A dispatch to the Herald, from Madrid, says: The news concerning the abdication of the queen regent of Spain, which was given out by the Temps, without details, has been very half-heartedly denied in the Madrid press. The queen regent, much depressed by the sad situation of the country and the Spanish people's lack of sympathy for her, made up her mind a fortnight ago to renounce her right and title as a regent in favor of Infanta Isabella, sister of the late King Alfonso XII. She had even formed the resolution of quitting Spain for a time after her abdication with her two daughters, leaving the young sovereign to reign with the new regent. All the members of the cabinet have advised the queen regent to give up the scheme for the present. They told her that under the circumstances abdication would seem like flight. Premier Sagasta was so persuasive that he obtained the following reply from the queen regent: "I admit you are right, sir, but I do not altogether give up my plan; I only postpone it."

Spanish Troops Attacked Marines in Cutters Near Santiago—No Casualties Among Americans.

## GUNBOAT MADE A MISTAKE

Engagement Between The Yankee and Shore Batteries—Shell Burst Over Ship Inflicting Severe Flesh Wound on Landsman.

Off Santiago de Cuba, June 17.—Per Associated Press dispatch boat Wanda via Kingston, June 18.—A hot brush dealing with the Spanish troops and a reconnoitering party in steam cutters occurred at daylight this morning in a small cove west of Moro castle. The Massachusetts' steam cutter, in charge of Lieutenant Harlow, entered the cove to take soundings and reconnoiter, and when well inside the inlet a detachment of Spanish infantry opened fire upon the cutter from a blockhouse. The fire was vigorously returned by the marines in the Massachusetts' boat and also by the marines in the New York's cutter in charge of Naval Cadet Powell, which had followed in. The New York's cutter was hit ten times and a marine in the cutter from the Massachusetts had the stock of his rifle shattered, but he ever saw the mistake, turned tail, and opened fire which was hotly returned by the Yankee. The latter charged the gunboat until the Spaniard took refuge in the harbor where the forts opened fire on the American vessel.

Thereupon the Yankee engaged the eastern and western batteries, but seeing no chance of catching the gunboat the Yankee withdrew. During the engagement a Spanish shell burst over a landsman named Kennedy, formerly an insurance clerk in New York City, inflicting a severe wound in the right shoulder. He is expected to recover.

The Spanish gunboat chased by the Yankee was about 500 tons burden and 200 feet long. The naval reserve who man the Yankee fought well.

The Yankee arrived here yesterday and Captain Brownson reported that on Monday last, while off Cienfuegos a Spanish gunboat came out to meet the Yankee, evidently mistaking her for a merchant vessel. The Spaniard, however, saw the mistake, turned tail, and opened fire which was hotly returned by the Yankee. The latter charged the gunboat until the Spaniard took refuge in the harbor where the forts opened fire on the American vessel.
